those attending the barbecue were Gov. W. W. Barron, Senators Robert C.

for Governor this fall.

Humphrey said the Goldwater Party goes beyond the traditional role
of opposition so long held by the Republican Party.

"A party of opposition is tolerable, even though it often tries to
prevent progress," Humphrey said. "But a party of obstruction and
destruction is dangerous."

"A party that is conservative has a constructive role to play," he
added, "but a party that is irresponsible is dangerous at anytime -- even
more so in the atomic age."

"There is a vast difference between patriotism and extremism,"
Humphrey declared. "And if any office seeker cannot make that distinction
he is not worthy of support."

Goldwater gang

Humphrey said that even before the "Goldwater gang kidnapped the Republican Party" the Democrats were looking forward to campaigning against a party that has based its whole record on being "against, against, against."

L "It's easier to tear down a house than it is to build one," Humphrey said. "And it's easier to gripe and grouse and grumble than it is to roll up your sleeves and go to work."

"The Democratic Party has been at work for the last four years building a Better America," Humphrey said. "And we received little or no help from the Goldwaterites."

Humphrey lauded the record of the Kennedy-Johnson Administration as one that has been "responsible, prudent, courageous and progressive."

L "Our party has been the 'Can-Do' party," Humphrey said. "We have built a record of constructive accomplishment during the last four years."

He cited the record of the Democratic 87th and 88th Congresses and said they would be known for years to come as the Health Congress, the Education Congress, the Freedom Congress and the Prosperity Congress.
