TO TICKET AGENTS, TOURIST AGENTS AND OTHERS INTERESTED:—

This circular regarding hotel and transportation arrangements for the 1920 season in **Glacier National Park** has been prepared from the latest available information regarding Hotel facilities—Transportation rates—Cost of tours, launch, automobile and horseback service—and is published to assist you in answering inquiries of your patrons and prospective travelers.

Detailed description of the scenery has not been attempted in this circular. This will be found in the various descriptive pamphlets published by individual operators and by the United States Railroad Administration and by the Bureau of Service, National Parks and Monuments, 646 Transportation Building, Chicago, Ill.

C. E. STONE,
General Passenger Agent,
Great Northern Railroad.

**Location and
Scenic Features:**

Glacier National Park is the newest of our developed National Parks, covering an area of over 1,500 square miles. It is located in Northwestern Montana. Distance from St. Paul, 1,081 miles, from Chicago, 1,512 miles, from Portland, 678 miles, from Seattle, 637 miles, from Spokane, 298 miles.

The main range of the Rocky Mountains extends from north to south through the entire park. There are over sixty living glaciers in the park of which Blackfeet, Sperry, Red Eagle and Grinnell Glaciers are easily accessible. It contains over 250 mountain lakes of which Lake St. Mary, on the east, is one of the largest, being about 10 miles long. Trout abound in many of the lakes and streams and afford splendid fly fishing.

THE GLACIER PARK HOTEL COMPANY, under concession from the United States Government, Department of Interior, has built and operates several hotels and chalets in the park as follows:

Glacier Park Hotel:

Located at Glacier Park Station, 600 feet from the depot—200 rooms, accommodations for over 400 people—electric lighted, steam heat, running water, rooms with private bath, cuisine and service of high order, plunge pool, shower baths, sun parlor, open camp fire in lobby, lounging and music room. Large verandas face the mountains of Glacier Park.

**New Many-Glacier
Hotel:**

Located in a very scenic region of the park, on the east shore of Lake McDermott, 55 miles north of Glacier Park Hotel, at end of automobile highway. Automobile stage service to and from Glacier Park Hotel daily. This new hotel contains accommodations for upwards of 500 guests—electric lighted, steam heated, running water, rooms with private bath—dining service the same high standard as at Glacier Park Hotel—open camp fires in lobby.

The spacious observation verandas on this new hostelry command a view of one of the most beautiful mountain and lake panoramas in all America, Mt. Altny, Gould Mt., Grinnell Glacier, Grinnell Mt., Swiftcurrent Pass, Mt. Wilbur and McDermott Peak.

Hotels are conducted on American Plan. The rates are per person per day. Rates at Glacier Park Hotel and Many-Glacier Hotel \$5.00 and \$5.50 without bath, dependent on location, \$6.00, \$7.00, \$8.00, \$9.00 and \$10.00 per day with bath, dependent on location, American plan. Room use for any part of a day, without bath, \$1.00, room use for any part of day with bath, \$2.00. Meal rates, Breakfast \$1.00, Luncheon \$1.25, Dinner \$1.25.

Hotel rates will be computed on the basis of \$1.00 for breakfast, \$1.25 for luncheon and \$1.25 for dinner plus the lodging value which is \$1.50 and upward for lodging, according to class of accommodations; for instance—on the basis of \$5.50 per day one half day consisting of lodging and breakfast would be \$3.00, viz.: \$2.00 for room and \$1.00 for breakfast. Similarly at \$6.00 per day; dinner, lodging and breakfast would be \$4.75, viz.: \$1.25 for dinner, \$2.50 for lodging and \$1.00 for breakfast. All fractions of a day will be arrived at on this basis.

**Glacier Park Hotel
Company's Chalet
Groups:**

Throughout Glacier National Park, distant from ten to eighteen miles from each other, the Glacier Park Hotel Company maintains and operates the following permanent Swiss chalets, or small hotels. Rates at all chalets \$4.50 per day, American plan, viz.: \$1.00 for lodging, \$1.00 for breakfast, \$1.25 for luncheon, \$1.25 for dinner.

At Belton Chalets rates are \$4.50 per day; \$5.00 per day for rooms with running water. A rate of \$28.00 per week will be made to guests staying one week or more at any one chalet.

Each of these artistic chalet groups consists of rustic log or stone buildings, attractively grouped, in the vicinity of a central structure used for a dining and lounging room. Most of the sleeping chalets have one or more attractive lounging rooms, equipped with large stone fireplaces. The service is plain and simple, the object of the management being to furnish clean, comfortable beds, plain food, well cooked, plenty of it, and served in family style. The chalets are unusually attractive and comfortable and those desiring a vacation of several weeks will find them very economical.

LOCATION OF CHALETs.

- Two Medicine Chalets:** Commands a view of the mountains and lakes of the Two Medicine Country, reached by automobile, horseback, or afoot, 12 miles from Glacier Park Hotel. This chalet dormitory containing spacious lounging room and guest rooms. Detached shower or tub baths, 50 cents. Capacity 100 guests. Rates \$4.50 per day. \$28.00 per week.

- Rates for Children:** The following rates are authorized for children at above named Hotels and Chalets in Glacier National Park when accompanied by parents or guardians:
Children five years of age and over, full rate.
Children under five years of age, one-half rate.
- Laundry facilities:** The Glacier Park Hotel Company operates a laundry at Glacier Park Hotel. Tourists at Many-Glacier Hotel, Many-Glacier Chalets, St. Mary and Going-to-the-Sun Chalets can, if they desire, have their laundry sent out to Glacier Park Station and returned at a reasonable cost.
- Furnished Chalets For Rent:** At Many-Glacier there are three chalets which are furnished and equipped for housekeeping, and which are for rent by the month or season. Each of these contains bedrooms, kitchenette and shower bath, and has accommodations for 6 to 12 people. Linen and firewood are included in the furnishings; supplies may be purchased at the Many-Glacier Store. Rates for rental of these chalets may be obtained upon application.
- Medical Service:** A physician is located at Glacier Park Hotel. A trained nurse is stationed at Glacier Park Hotel, another at Many-Glacier Hotel. Their services are available at all times at standard professional rates. A line of medical and surgical supplies is carried in the dispensary at each hotel.

LAKE McDONALD RESORTS.

- Resorts and transportation facilities on Lake McDonald:** Belton, Mont. is the Gateway to Lake McDonald and the western entrance to the Park. The Belton Chalets (see above) provide accommodations at the entrance. Resorts on Lake McDonald include:

**THE TRIANGLE
TRIP:**

A new trip available this year will be one from Many-Glacier Hotel to Granite Park, thence over Logan Pass to Going-to-the-Sun Chalets and returning to Many-Glacier Hotel via Piegan Pass. This is a three day trip by saddle horse—available every day July 1 to September 1, for one or more people. **Cost, \$12.50.** This trip can also be started from Going-to-the-Sun Chalets.

**All Expense Independent Camping
Tours:**

Glacier National Park contains many beautiful camping spots and camping tours, independent of hotels or chalets, are popular for tourists who like to "rough it". The Park Saddle Horse Co., licensed outfitters in Glacier Park are prepared to furnish complete outfits at the following prices for trips of ten or more days. Special arrangement may be made for camping trips of less than ten days.

Cost per day per person

1 person.....	\$25.00
2 persons.....	15.75
3 ".....	12.65
4 ".....	12.40
5 ".....	11.30
6 ".....	10.60
7 " or more.....	10.00

The foregoing rates include the necessary guides, cooks, saddle horses, pack horses, tents, cooking utensils and everything **except blankets and provisions.** Tourists are advised to bring their own blankets or bedding or they can rent blankets from the outfitters for \$1.00 per pair for the trip. Mattresses and cotton flannel sheets furnished free. The provisions for the entire party are purchased by the tourist, thereby allowing him to furnish such supplies as he may desire for the trip. Such provisions may be purchased locally where complete assortments are carried. The provisions usually cost about \$1.50 per day per person, varying according to the number taking the trip and the requirements of the individuals.

The outfitters endeavor to and usually are able to furnish cooks and all necessary help for all camping trips on short notice, but at least ten days' notice should be given and this is allowed, if necessary, to permit them time for securing proper cooks and assistants.

Walking Tours:

Walking tours are popular with people who like the more strenuous form of vacation trip. Glacier Park Hotel Company's Chalet Camps are located within a day's walk of each other ranging from 10 to 18 miles apart. Walking tours can be made at a cost of \$4.50 per day by using the Chalet Groups, giving an opportunity for "Hikers" to make their trips without the necessity of carrying camp outfit. Another inexpensive way to tour the park is to carry a knapsack with a few cooking utensils and do your own cooking; bread, meat and canned goods can be purchased at any hotel or chalet.

What to Wear:

As a rule tourists are inclined to carry too much in the way of baggage. A very inexpensive and simple outfit is required—there are no conventionalities in Glacier Park—old clothes are the rule and stout shoes are necessary, warm clothing is essential. For a week or two weeks' trip, either afoot or horseback, the following list is about all that is required:

- | | |
|---|--|
| 1 Old suit of clothes. | 1 Pair stout lace shoes or hunting shoes. Do not use hob nails or calks in shoes or boots except on hiking trips, they are not necessary, are a detriment to Horseback Riding and are not allowed in Lobby or Dining Room of Hotels. |
| 1 Sweater or mackinaw wool jacket. | 1 Pair canvas leggings (if shoes are worn). |
| 2 Suits of wool underwear (medium). | 2 Pair of cotton, wool or leather gloves. |
| 3 Pairs of wool socks (heavy). | 1 Old felt hat. |
| 1 Rubber blanket or rain coat, if on walking tour. | |
| Water proof slickers are furnished free with saddle horses. | |

The above, together with brush, comb, handkerchiefs, and other toilet articles, will go in a compact bundle and can be put in haversack or dunnage bag.

Women should have either stout shoes or boots and short walking or divided riding skirt.

Do not wear low shoes or high heel shoes.

Haversacks or cloth dunnage bags can be purchased at Glacier Park. "Saddle" slickers are furnished free with all saddle horses. The slicker is always kept on the saddle ready for immediate use in case of rain. A pair of amber goggles are a good thing to protect one's eyes when on the glaciers or snow fields.

The most comfortable footwear is an old pair of heavy winter shoes with good heavy sole put on them. Wear heavy wool socks, if you cannot stand the wool next to the skin use light weight cotton socks and draw the wool ones over.

Suitable outing clothing can be purchased at Glacier Park Hotel, Many-Glacier Hotel or at Belton at reasonable prices.

Mail: Mail should be addressed care of Glacier Park Hotel, Glacier Park, Mont.—this is the post office for Glacier Park and Many-Glacier Hotels—from here it will be forwarded to other points in Park if forwarding address is left with mail clerk. It is important that guests fill out a mail forwarding card so mail clerk can locate them after leaving Glacier Park Hotel.

Telegraph and Telephone Service: Telegrams may be addressed to tourists at Glacier Park, Mont., or Belton, Mont. The various hotels and chalet groups are connected by telephone with Glacier Park Station so that communication may be had with the Hotels or any chalets at all times. Guests may use the phone in accordance with phone tariff which is published at each chalet group. Telegrams received at Glacier Park Hotel will be forwarded by phone at regular phone tariff rate. The telegraph station for Lake McDonald is Belton, Mont.

Stopovers on Railroad Tickets: All one-way and round trip tickets, are good for stopover at Glacier Park Station and Belton. On one-way tickets length of stopover must not exceed 10 days from date that stopover is made as endorsed on back of ticket by Conductor into Glacier Park or Belton. Passengers must hold evidence that trip has been made through the Park, which must be presented to Agent at Glacier Park or Belton, when passenger is ready to resume journey. Agents will attach stopover certificate to ticket extending the limit number of days passenger has stopped. On round trip tickets stopovers will be allowed regardless of limits, during park season (June 15th to September 15th). Upon application to conductors stopovers will be permitted at Glacier Park points on all Summer Tourists and Special Excursion tickets to Pacific Coast and intermediate destinations.

Validation of Tickets: Summer Tourists tickets to Glacier Park Station or Belton need not be validated for return passage. Tickets will be honored from Glacier Park Station or Belton regardless of destination of ticket.

Baggage Storage: Storage charge on baggage will be waived at Glacier Park Station and at Belton while passengers are making Park tours.

Baggage: The following rates apply for the transportation of baggage between points in Glacier National Park in auto express service. Auto stages are not equipped to handle heavy baggage and same must go on first auto trucks following but time of delivery is not guaranteed under any circumstances.

Between	Baggage Rate	
	Trunk	Suit Case or Grip

Belton Chalets " Lewis' Hotel	1.00	.50
Belton Chalets " Foot of Lake McDonald50	.25
Foot of Lake McDonald " Head of Lake McDonald50	.25

20 Pounds Baggage free on auto, stage or boat: Passengers touring Park will be permitted to carry with them free on automobiles, stages or launches, one piece of hand baggage weighing not to exceed twenty pounds.

Freight Rates on Automobiles between Glacier Park Station and Belton: An automobile highway has been perfected through from Duluth, St. Paul, Minneapolis and Grand Forks N. D., to Glacier Park Station. This is the route followed by the Glidden tour in 1913. From Belton, Montana, the automobile highway extends west, via Kalispell, Libby and Bonners' Ferry to Spokane and the Pacific Coast. For the convenience of automobilists who desire to make the overland trip in their cars the Great Northern Railroad will have in effect during the Park season a rate of \$12.50 for handling automobiles between Glacier Park Station and Belton in either direction. By this means tourists may ship their cars over the mountains at Glacier Park after having made the trip over the 55 mile automobile road from Glacier Park Hotel to Many-Glacier Hotel and back, resuming their transcontinental auto tour at Belton.
