GLACIER NATIONAL PARK

Location and Scenic Features:

Glacier National Park is a mountain region of marvelous scenic beauty, covering an area of over 1,500 square miles. The main range of the Rocky Mountains extends from north to south through the entire park. There are over sixty living glaciers in the park of which Blackfeet, Sperry, Red Eagle and Grinnell Glaciers are easily accessible. It contains over 250 mountain lakes of which Lake St. Mary, on the east, is one of the largest, being about 10 miles long. Trout abound in many of the lakes and streams and afford splendid fly fishing. It is located in Northwestern Montana on the main transcontinental line of the Great Northern Ry. Distance from St. Paul, 1,081 miles, from Chicago, 1,512 miles, from Portland, 678 miles, from Seattle, 637 miles, from Spokane, 298 miles.

Through sleeping car service is available from Chicago, St. Paul, Minneapolis, Kansas City, Spokane, Seattle, Tacoma, Portland and intermediate points via Burlington—Great Northern Ry.

THE GLACIER PARK HOTEL COMPANY, under concession from the United States Government, Department of Interior, has built and operates several hotels and Chalets in the park as follows:

Glacier Park Hotel: An attractive rest and recreative resort for the comfort and convenience of tourists entering and leaving the Park.

Located at Glacier Park Station, 600 feet from the depot—200 rooms, accommodations for over 400 people—electric lighted, steam heat, running water, rooms with private bath, cuisine and service of high order, plunge pool, shower baths, sun parlor, open camp fire in lobby, lounging and music room. Large verandas face the main range of the Rocky Mountains.

Many-Glacier Hotel:

Located in a very scenic region of the park, on the east shore of Lake McDermott, 55 miles north of Glacier Park Hotel, at end of automobile highway. Automobile stage service to and from Glacier Park Hotel daily. A rustic resort built of native stone and timber. This hotel contains accommodations for upwards of 500 guests—electric lighted, steam heated, running water, rooms with bath—dining service of high standard. This is the focal point for many trail trips to points of interest and to the passes.

Hotel Rates:

The hotel rates are per person per day.

Rates at Glacier Park Hotel and Many-Glacier Hotel \$5.50 and \$6.00 without bath, dependent on location, \$7.00, \$8.00, \$9.00 and \$10.00 per day with bath, dependent on location, American plan. Room use for any part of a day, without bath, \$1.00; room use for any part of day with bath, \$2.00. Meal rates: Breakfast \$1.25, Luncheon \$1.25, Dinner \$1.50.

Basis of Rates:

Hotel rates will be computed on the basis of \$1.25 for breakfast, \$1.25 for luncheon and \$1.50 for dinner plus the lodging value which is \$1.50 and upward for lodging, according to class of accommodations; for instance—on the basis of \$6.00 per day one half day consisting of lodging and breakfast would be \$3.25, viz.: \$2.00 for room and \$1.25 for breakfast. Similarly at \$7.00 per day, dinner, lodging and breakfast would be \$5.75, viz.: \$1.50 for dinner, \$3.00 for lodging and \$1.25 for breakfast. All fractions of a day will be arrived at on this basis, not by dividing the day rate into halves or quarters.

Chalet Camps:

Throughout Glacier National Park, distant from ten to eighteen miles from each other, the Glacier Park Hotel Company maintains and operates the following permanent Swiss chalets, or small hotels. Rates at chalets \$4.50 and \$5.00 per day, American plan, viz.: \$1.00 for breakfast, \$1.25 for luncheon, \$1.25 for dinner, \$1.00 and \$1.50 for lodging. See rates for each chalet below.

Each of these artistic chalet groups consists of rustic log or stone buildings, attractively grouped, in vicinity of a central structure used for a dining and lounging room. Most of the sleeping Chalets have one or more attractive lounging rooms, equipped with large stone fireplaces. The camps have no rooms with bath but detached bath rooms are available at several camps. The service is plain and simple, the object of the management being to furnish clean, comfortable beds, plain food, well cooked, plenty of it, and served in family style. The Chalets are unusually attractive and comfortable and those desiring a vacation of several weeks will find them very economical.

Or the time may be devoted to rest, fishing or short walks.

This is the most satisfactory of the various trips for one who does not care for too much strenuous exercise and yet wants full opportunity to enjoy the scenery.

This six day trip includes everything that the five day trip offers but enables one to go from Many-Glacier Hotel to Sun Camp by saddle horse over Piegan Pass instead of returning by the auto. The return to Glacier Park Hotel can be continued if desired in three additional days by using saddle horse over the inside trail from St. Mary or Sun Camp. CHALET TOURS BY SADDLE HORSE

Glacier Park has been called the "Saddle Horse Park" and in this way it is different than most of our National play grounds. Any saddle horse trip named in this folder can also be made in the more primitive, if more strenuous, way of walking—and people are doing more walking each year. There is an exhilaration and sport in the use of horses however that adds to the joy of the exercise. Two trips are suggested but an itinerary can be made to conform to the time one has to spend. These trips bring one to a comfortable camp or hotel every night

1. Start from Glacier Park Hotel and go via inside trail to Two Medicine, Cutbank, St. Mary, Going-to-the-Sun and Many-Glacier Hotel, returning via Swiftcurrent Pass and Granite Park to Lake McDonald, Sperry Chalets, via Gunsight Pass to Sun Camp where horses are dropped and auto to entrance is used. This takes from 12 to 14 days.
2. Take auto direct to Many-Glacier Hotel. From here use saddle horses for side trips to Iceberg Lake, etc. Thence via Swiftcurrent Pass to Granite Park; via Logan Pass to Sun Camp; thence via St. Mary, Tripple Divide and Red Eagle to Cutbank Chalets; thence via Mt. Morgan Pass to Two Medicine and Mt. Henry trail to Glacier Park Hotel. This takes about 8 to 10 days.
The cost is on a per day basis, \$3.50 for saddle horse, \$10.00 for a general guide, the guide will take care of six to ten people, \$4.50 to \$5.00 per day at chalets.

Special itineraries showing route and complete cost furnished on request to any Great Northern Agent or to Glacier Park Hotel Co. State number in party and the time available.

FISH AND FISHING.

In effort to create and maintain the finest kind of trout fishing, the National Park Service, in conjunction with the U. S. Bureau of Fisheries, have built and operate a fish hatchery at Glacier Park. In addition to the black spotted trout or the cut-throat trout which are native to these waters, several other varieties have been introduced, viz., Eastern brook, rainbow, steelhead and grayling.

Two Medicine Lake, for Black Spotted or Eastern Brook.
McDermott and Josephine Lakes, Rainbow and Eastern Brook.
Grinnell Lake, Cut-throat, Rainbow.
Cracker Lake, Black Spotted, Eastern Brook.
Gunsight Lake, Cut-throat, Rainbow.
Red Eagle Lake, Cut-throat.

Cut Bank River, Cut-throat. Eastern Brook.
St. Mary Lake, Mackinaw or "Lake Trout."
North Fork of Kennedy Creek, Black Spotted.
Belly River, Glenss Lake, Cut-throat.
Lake McDonald, Bull trout, Black Spotted, Cut-throat.
Flathead River, Rainbow, Cut-throat, Bull trout.

The fly casting rod and artificial fly is the method generally used. No license is necessary within the Park. The limit is 10 fish per day, no fish under seven inches to be taken.

SEVEN DAY TRIP.

Automobile, Saddle Horse and Launch.

Glacier Park Hotel to Many-Glacier Hotel, Iceberg Lake, Cracker Lake, Granite Park Chalets, over Logan Pass to "Sun Chalets" and over Piegan Pass to Many-Glacier Hotel, returning via St. Mary to Going-to-the-Sun Chalets to Glacier Park Hotel.

Cost of trip depends on the class of hotel accommodations, see table of rates and total cost, page 8.

This seven day trip takes in the best scenic "high spots" in the Park. It offers time for all side trips one may wish to make from Many-Glacier Hotel and takes the tourist over the famous Garden Wall trail and over three most scenic passes in three consecutive days. The route is from Many-Glacier Hotel over Swiftcurrent Pass to Granite Park Chalet. Next day over the Garden Wall trail and Logan Pass down to Going-to-the-Sun Camp. The third day over Piegan Pass and back to Many-Glacier Hotel. World travelers are unanimous in declaring this the greatest scenic marvel of America and many say of the world.

Walking Tours:

Walking tours are inexpensive and are popular with people who like the more strenuous form of vacation trip. Glacier Park Hotel Company's Chalet Camps are located within a day's walk of each other ranging from 10 to 18 miles apart. Walking tours can be made at a cost of \$4.50 per day by using the Chalet Groups, giving an opportunity for "Hikers" to make their trips without the necessity of carrying camp outfit.

Another inexpensive way to tour the park is to carry a knapsack with a few cooking utensils and do your own cooking; bread, meat and canned goods can be purchased at any hotel or Chalet. By using the Chalets for lodgings only at regular rate of \$1.00 per night, and stopping along the streams or on the shores of the lakes and cooking over a camp fire, the park can be toured for approximately \$2.50 a day.

What to Wear:

As a rule tourists are inclined to carry too much in the way of baggage. A very inexpensive and simple outfit is required—there are no conventionalities in Glacier Park—outing clothes are the rule and stout shoes are necessary, warm clothing is essential as it is generally cool in the mountains. For a week or two weeks' trip, either afoot or horseback, the following list is about all that is required:

- 1 Suit of warm outing clothes.
- 1 Pair riding breeches or knickerbockers.
- 1 Sweater or wool jacket.
- 2 Suits of underwear, either heavy cotton or light weight woolen.
- 3 Pairs of wool socks.
- 1 Rubber blanket or rain coat, if on walking tour. Water proof slickers are furnished free with saddle horses.

- 1 Pair stout lace shoes or hiking shoes. Do not use hob nails or calks in shoes or boots except on hiking trips, they are not necessary, are dangerous if Horseback Riding and are not allowed in Lobby or Dining Room of Hotels.
- 1 Pair canvas leggings, puttees or golf stockings.
- 2 Pair of cotton, wool or leather gloves.
- 1 Felt hat or cap.
- 1 Cloth dunnage bag.

The above, together with brush, comb, handkerchiefs, and other toilet articles, will go in a compact bundle and can be put in haversack or dunnage bag.

Women should have either stout shoes or boots and knickerbockers or riding breeches.

Do not wear low shoes or high heel shoes or thin silk stockings.

Haversacks or cloth dunnage bags can be purchased at Glacier Park. "Saddle" slickers are furnished free with all saddle horses. The slicker is always kept on the saddle ready for immediate use in case of rain. A pair of amber goggles are a good thing to protect one's eyes when on the glaciers or snow fields.

The most comfortable footwear is heavy winter shoes or outing boots of soft leather. Wear heavy wool socks if doing much walking. If you cannot stand the wool next to the skin use light weight cotton socks and draw the wool ones over.
