

British Columbia - Irrigation      October 1, 1904  
Hill to F. D. Newell, Chf. engineer, U.S. Geol.  
Survey

Re lignite in North Dakota and elsewhere. Re proposed use of water for irrigation from St. Mary's Lake by U.S. via Sweet Grass country in Montana; and the present use of the water by Canadians. Gault [E.T. Galt?] has a large grant of land from the Dominion on which he has a large & prosperous Mormon settlement [Cardston?] with a beet-sugar factory, etc.

JJH LetterBook, 11/18/02 - 11/13/04, p. 480
