Hill to Broadwater

Oakes won't be back till the middle of next week and "I will see him at once & put the ball to rolling. Your name [Montana Central?] for the proposed line is good. I think with a good road to allow of fairly low rates when necessary a large amount of low grade ores would be handled at the Falls. Ryan was called suddenly to Utah but will be here in a day or two and I will at once get hold of him. I hope to have a few friends - about 3 - come down from Maple Creek.
