

Burlington Road - Purchase April 30, 1901

C. E. Perkins to Hill

Re CB&Q purchase, the fear on the part of employees, and the general public's also, and the letter Perkins wrote to the Burlington, Iowa, paper to allay those fears. "It looks very much ... as if Gould and Harriman interests had secured a pretty firm control of everything in Colorado and Utah... I do not think any combination can be at all equal to your roads and the C.B. & Q, but we cannot afford to be fenced out of Colorado and Utah, or California either, perhaps."
