

Can. Pacific Road - Land sales June 29, 1881

Angus to A.B. Stickney, CPR, Winnipeg

Detailed instructions and information re choice of sites for workshops (possibly at Thunder Bay, a point west of Brandon, and in British Columbia) mainly to be understood to be at Montreal, with only work and roads centering at Winnipeg to have shops there. Hopes Gen. Rosser will be able to report favorably on line in the direction of his survey and through a country favorable for our Land Grant. Quotes Drinkwater's wire re govt. maps of lands as far as Assiniboine Crossing, and re govt. agents selling railwa[redacted]ctions.
