Hill to R. B. Angus

Am sending copy of "The British Northwest" as prepared by Mr. [Frank Austin] Carle of the Pioneer Press Co. 5000 copies have been printed but not yet bound. Do you want included what we talked of last summer: appendix of Canadian Land Laws, direction to settlers, advertising matter re your land department, and litho map of the country and route of CPR? Mr. Carle remarked to me that possibly you might decide against these in order to deprive it of any likely appearance of being a CPR advertisement. Let me know your wishes.
