

Canadian Pac. Road - Wages July 7, 1882

Hill to W.C. Van Horne

Your employment agents are offering laborers \$2.25 per day and free transportation and \$2.50 after July 20. Large numbers of our men and Northern Pacific men are being let go and I believe you can get all you want at \$2.00 per day. It is making men think you are in a tight place and may result in a strike for all of us.
