John Hendry to Hill, from New Westminster

Re trip to Ottawa to get ministers' aid re settling route for British Columbia road. CPR "doing all possible to keep us from getting into Vancouver by the bridge and Westminster." Re Vancouver, Victoria and Eastern Road; those who sold its charter are trying to get another charter called the Coast-Kootenay from Vancouver to Midway, "which is for the CPR." So "we require that the selection of the line should be made at once, so we can file our plan and proceed to occupy, and get the Bylaws passed in Vancouver."
