

Canadian Pacific Road

November 15, 1883

J.S. Kennedy to Hill

Great relief felt at dissolution of the pool, which resulted in a raid by the bears, sending stock down to par and that in turn led to buying by the type of shareholder we want. "I note that you have now disposed of your entire interest in Canadian Pacific Stock. The Govt guarantee of course sent it up but stock is being pressed on the market and it has gone back to 60% and is now weak."
