

Cannon, H. W.

October 22, 1889

H. W. Cannon to J. J. Hill.

Has received Hill's wire about the D.S.S.A.
[Duluth, South Shore & Atlantic Road].

Moore has just learned "from what we consider good authority that the Vanderbilts have made a traffic arrangement to run ten years with Chic & Northwest & the Union Pacific to run through trains from here [New York] to the Pacific Coast."

Feels that this arrangement is so important with respect to Hill's "relations to the Penna people" that he  ought to know it at

once.

Wishes this matter  remain very confidential.
