

Columbia River - Floods

June 9, 1894

E. T. Nichols to Hill

Re floods in Pacific Northwest. Wonders why he was not allowed to see Lord Mt. Stephen, who was said not to be in Sterling's office, when he was closeted there with Kennedy all morning and most of afternoon. "In view of the past relations between Mr. Kennedy and Lord Mount Stephen these interviews, coupled with the fact that I, representing you, was apparently denied an opportunity to see " him seemed peculiar.
