Relayed wire to Hill C/o [Donald] Smith, Montreal
Following from N.Y. from C.H.Coster: We are advised thru Britton & Gray of Washington that of the 15 members of Congress living upon line of N.P. railroad the only one who has declined to sign the request that the federal reorganization bill be taken up immediately is Heatwole of Minn., whose district lies largely on line of Great Northern, and he is in doubt as to whether you would approve his signing. Please wire him to do so. Signed F.E.Ward
