

Crow's Nest Coal Co.

April 14, 1888

Hill to Col. C. B. Lamborn, St. Paul

Valuable deposits at Crow's Nest Pass. Prospect  
us of Crow's Nest Coal Co. Similar large and  
valuable coal deposits are to be found south of  
International Boundary all along the eastern  
slope of Rocky Mts. " Near Great Falls, Montana,  
the area of one field seems to be thirty miles  
wide and sixty miles long. There is also a very  
large field east of Fort Assiniboine on the  
northern slope of the Bearpaw Mountains."
