

Gibson, Paris

November 24, 1880

Hill to Gibson, Montana

Yours of 6th received."It will give me great pleasure to see you during the coming winter, & to hear from you a description of Northern and Western Montana. If it is not too much trouble can you get me a description of the country lay ing at the foot of the Mountains betwen the Missouri River and Latitude 49 also what kind of land north of latitude 49 for a distance of one to ~~thire~~ hundred miles and as far East as you can get information, also the number of cattle now in the Sun River Teton and Marias River valleys and any ~~other~~ information that

you think will aid me?"
