

Hill, J.J.-Montana interests June 23, 1884

Hill to Paris Gibson

Re power of attorney for me in the matter of our property owned jointly "and especially that which stands in my name." "I feel it is better to have a matter of such importance as the title to valuable land in such shape that there will be no question about it. I enclose herewith deed in blank executed by the half breed Labath. I paid him \$200. We have not heard anything definite about Lucy Welch."
