

Kennedy, John S.

November 4, 1884

Hill to Kennedy

"During the last year we carried from our Dakota lines coming into Wahpeton and Breckenridge 4547 cars wheat and from the same lines this year we have carried during September and Oct. 4522 cars which is I think a very good showing when we bear in mind that the Fargo Southern and the southwestern branch of the Northern Pacific have been opened for traffic in that territory during the past year."

JJH LetterBook, 10/18/84 - 3/14/85 -p. 77
