

Lake Minnetonka - Hotels      January 5, 1880

Hill to George M. Jackson,      St. Louis

We cannot subscribe to proposed Minnetonka hotel but can aid materially in the matter of transporting supplies and putting in side tracks."I hope this will enable you to go on with the enterprise at once and have it ready for spring business. We have had several parties here wanting us to make an extension of our track towards the Lake beyond Wayzata for a like purpose."
