

Lake Superior Company

September 24, 1901

Hill to Edward Tuck

"I am glad you have so large an interest in both Companies, as the future is much brighter than ever before and we seem to have a constantly increasing stream of settlers going into the new states along our lines which is making earnings, both freight and passenger increase very fast.... The Lake Superior Company is only a trust created for the shareholders of the Great Northern Railway as they may appear from time to time and it will so continue."

To Edward Tuck

"The Lake Superior Company is only a trust
~~trust~~ created for the shareholders of the
Great Northern Railway as they may appear
from time to time and it will so continue. The
Crows Nest Coal shares will go to the holding
Company."
