

Mann, D.D.

September 24, 1901

Mann, Gen. Supt. Canadian Northern Ry., Winnipeg,  
to Hill

Have received some very important communications from E.V. Bodwell, solicitor of the Victoria, Vancouver & Eastern Railway, with regard to political situation in British Columbia... The political situation there is now in such shape that yourself with ourselves can practically outline the railway policy [of the local government] to suit ourselves, if we take the matter up promptly.
