

Hill, J.J. - Services to Road July 22, 1904

Hill to Edward Tuck (faded and fading, so part is copied here.)

Opening of the Amos Tuck School of Administration and Finance [at Dartmouth College]. Re the injunction [in matter of distribution of shares of Northern Securities Co.] "It is 25 years since we organized the Old Manitoba Co. and during that time I have given up my entire time and life's work to the Co. The shareholders have made over and above their dividends a profit of about one hundred and fifty millions of dollars, and the next six or seven years should be worth several times the past twenty-five."
