

Red Mountain Consolidated  
Mining Company

May 6, 1902

Carbon. [Toomey] to Bache McEvers,  
Whitlock, Esq.

"I do not believe the stock of the Red Mountain Consolidated Mining Co. has any market value for the reason that we have never operated the mines, but have simply kept the corporation alive by holding meetings to elect officers and directors once a year in accordance with the by-laws of the company and the statutes of the State of Montana."
