

Refrigerator-cars

December 8, 1888

Hill to C.C. Palmer, Chicago

We already have in use some refrigerator cars and could easily change to better equipment of such as you mention. The use of the largest and best grazing grounds on our line has been forbidden until last May 1st as being Indian reservation. "A great many cattle have come in this year, but this is fine agricultural country and cannot be held long for mere grazing. "The fact that cattle can graze all winter," and the stall feeding of grain raised locally is possible "will in time make this the best fat cattle producing section of the West and may result in the necessity of such a company as you speak of
