

Rosser, B. W.

February 2, 1882

Winnipeg

[Mrs.] B.W.Rosser to J.J.Hill.

Writes without her husband's knowledge; cannot understand why Van Horne has fired her husband from his position as chief engineer of the Can. Pac. Road. Believes it was because her husband antagonized John McTavish [Governor of Red River Settlement] when Rosser arrived in Winnipeg. But if land [townsite] speculation is the cause, everyone in Winnipeg can be accused, for everyone there is free to speculate in land.
