

St. John, Molyneux

March 5, 1880

Molyneux St. John to R.B.Angus.

Lord Dunmore has been trying to purchase some lands along the Manitoba Road.

States that "Lord Dunmore has Mr. Stephen's promise for a preemptive right for 10,000 acres of which he is to take two sections now and the balance from time to time. His object is two-fold -- to secure some wheat-land for himself, and to establish a Colony from his overcrowded estate in Scotland..."

"I went with him this morning to secure his passage on June 5

"If there are two good sections left in

the Fisher's Landing district or on the Red Lake River those would be preferable."

"Mr. Stephen has asked me to prepare a paragraph for insertion in the St. Paul P.P. as to this sale I enclose it and if you will kindly obtain its insertion I shall be much obliged."
