

Shaughnessy, T. G.

July 10, 1901

Shaughnessy to Hill

Definite information a company controlled or assisted by the Great Northern is about to construct a railway from Marcus to the Int. Boundary line, there to connect with the Vancouver, Victoria & Eastern Ry., whose Canadian charter you have stated is owned or controlled in whole or in part by the Great Northern serves to show that the understanding between your road and ours for the past 2 or 3 yrs. is at an end.
