Donald Smith to Hill

Thanks for data on Stoddart, confirming my friend's suspicions. Thanks also for helping Joseph Hardisty care for his mentally sick brother, now recovering at the City-Cannal sanitarium + on the way to complete recovery. Mr. Stephen has spoken to me re advisability of getting Manitoba Road stock in London. I leave N.Y. Sat. A.M. on Olympic for England (on H.B.Co. matters) + hope to be back not later than May 25
