

Tod, Andrew G.

January 20, 1900

Toomey to John S. Kennedy

carbon

"Upon looking into ... Tod's transactions in and for the Mille Lacs Lumber Company I find that there are only about 100 acres which stand in his name, and, as none of the lands of this Company are very valuable, the average price per acre being about \$6, I beg to ask you before bringing the matter to the attention of our attorney whether or not we should bring suit against Mr. Tod.... the matter is a small one and suit would have to be brought in your name."
