

Washburn-Crosby Co.

May 24, 1886

Minot to J.S. Kennedy

Washburn Crosby (St. Anthony Elevator Co.), who rank next to the Pillsburys, are about to erect at East Minneapolis, adjoining our tracks, elevators of not less than 1,500,000 bushels capacity, and also a system of elevators at local points on our lines. We have recently reduced our force of shopmen, partly because of agitators among them.
