W.C. Toomey to Booker T. Washington, JJH Letterbook S-83

"In answer to your letter of the 16th instant to Mr. Hill, I beg to say that we have no Jersey bulls on either of our farms; however, we have some very fine young Ayrshire bulls, old enough for service, and I have this day asked our farm superintendent, Mr. N. E. McKissick, to communicate with you in connection therewith."
