

Watertown & Huron Road

Dec. 22, 1886

Hill to N. D. Miller, Chief Engineer

Have Mr. Hoaglund go over the line of the Watertown & Huron road from Watertown to the Missouri River; examine the location and get what information can be obtained in regard to soil, crops, population in towns, townships, and counties, and whether the people are satisfied and feel they are reasonably prosperous; examine the approach to the Missouri River and the material at the bottom with reference to foundations for crossings, &c.
