

Wayzata, Minnesota

August 17, 1880

Hill to W. ~~D.~~^{E.} Hale

Re street in Wayzata. Within a few days we have seen the supervisors of the town and have changed the location of the water tank, so that it will not be necessary to move the track further into the street than it is at present, which I believe was satisfactory to them. If we have to make any further move, owing to the increase of business at that point, it will be necessary for us to move the whole of our business either to this end of the lake or farther west. It is impossible to do business without some room and if we cannot do it there perhaps we can elsewhere.
