

Wheat trade

February 17, 1886

Hill to W.J.Murphy, "The Plaindealer," Grand Fork

Re the surplus of wheat and how to remedy the resulting low prices by adhering to the law of supply and demand. Use of elevator certificates recommended by Hill. "I am not in the habit of writing for the press, but if these views will be of any service to you I shall be glad. There is certainly no promise for better prices of wheat as long as we have so large a surplus to sell in the markets of the world."
