

Winona & Southwestern Road August 11, 1888

Hill to Jay C. Morse, Pres. Union Steel Co. Ch&
Cago

Winona & Southwestern Ry. is a local co. organized at Winona to build to Mason City, with expectation of construction to Omaha. Ex-senator [Wm.] Windom and Gen. Nettleton of Minneapolis are the moving spirits as far as I know. I understand they have \$100,000 local aid from Winona. They are now in England trying to negotiate the bonds. If they do, the road will be built; if not I think nothing will come of it, because time is so short for them to settle the bond matter. Better wait and see their results in England.
