ANIMAL HEALTH BOARD

An Inventory of Its Brucellosis and Tuberculosis Eradication Program Summaries

OVERVIEW OF THE RECORDS

Agency: Minnesota. Board of Animal Health.
Series Title: Brucellosis and tuberculosis eradication program summaries.
Dates: 1924-1973.
Quantity: 11.0 cu. ft. (11 boxes).
Location: See Detailed Description section for box locations.

SCOPE AND CONTENTS OF THE RECORDS

Summaries of total herds and total cattle tested for brucellosis and tuberculosis, totals found negative, totals infected, and totals suspicious.

The testing program was organized and carried out by board's predecessors, the State Livestock Sanitary Board and Livestock Sanitary Board, in cooperation with the U. S. Department of Agriculture [USDA]. Local veterinarians did the actual testing. One copy of each summary was retained by the board and one copy was sent to the USDA.

The summaries occasionally list individual farmers whose cattle were tested.

ARRANGEMENT OF THE RECORDS

The summaries are arranged first by county; thereunder, by year.

RELATED MATERIALS

Records of the Wilkin County Auditor (cataloged separately) include copies, with related correspondence, of summaries of retests on infected herds (1926-1942), which may fill in gaps for that county in this series.

INDEX TERMS

These records are indexed under the following headings in the catalog of the Minnesota Historical Society. Researchers desiring materials about related topics, persons or places should search the catalog using these headings.

Topics:

Animals—Diseases—Minnesota.
Brucellosis—Minnesota.
Cattle—Diseases—Minnesota.
Livestock—Diseases—Minnesota.
Tuberculosis in cattle—Minnesota.

Organizations:
