GOODHUE COUNTY Assessor

An Inventory of Its Assessment Rolls

OVERVIEW OF THE RECORDS

Agency:	Goodhue County (Minn.). Assessor.
Series Title:	Assessment rolls.
Dates:	1860-1961.
Quantity:	189 microfilm rolls; 0.2 cubic feet (8 volumes in partial box).
Location:	See Detailed Description section for roll and box locations.

SCOPE AND CONTENTS OF THE RECORDS

Assessment rolls for the civil subdivisions of Goodhue County, recording the value of taxable real and personal property for the years 1860-1901 and the sample years 1910-1911, 1920-1921, 1930-1931, 1940-1941, 1950-1951, and 1960-1961.

Each entry gives the owner's name; school district number; type of property (agricultural, homestead, household, business); and the property's total full, assessed, and equalized valuations. The real property sections additionally give the legal description of the property and the values of acreage, structures, machinery, and related items. The personal property sections additionally give the post office address and the valuations of various categories of personal property, including household goods, personal possessions, transportation vehicles, business property, financial assets, agricultural products, livestock, and farm machinery.

The rolls for some years may include a list of mortgages; other information on indebtedness; and data on improvements on lands owned by railroads and the federal government, tree bounties, lands taken under the Homestead and Tree Claims acts, and grain handled by elevators and warehouses.

Also unfiled assessment rolls for real property in Minneola (1860), Vasa (1860), and Belle Creek (1866) townships; personal property in Belle Creek (1866), Goodhue (1866), Kenyon (1866), and Cherry Grove (1867) townships; and real and personal property in Red Wing (1872).

ARRANGEMENT OF THE RECORDS

The records are arranged by year, thereunder alphabetically by civil subdivision (township, municipality).

DESCRIPTION OF THE ASSESSMENT ROLLS, 1860 - 1961

The microfilm (SAM 216) reproduces volumes containing real and personal property assessment rolls for Goodhue County, Minnesota, for the years 1860-1901, 1910-1911, 1920-1921, 1930-1931, 1940-1941, 1950-1951, and 1960-1961. They are arranged chronologically by year, then alphabetically within most years by civil subdivision (township, village, city). There are no assessment rolls for 1861 and no real and/or personal property rolls for some civil subdivisions for some other years, either because they were not yet officially organized, because no data needed to be recorded, or because the records are missing (as of 1994).

The assessment roll for each locality for each year records the value of real and personal property located in the jurisdiction. The assessment rolls for each of the following years and property types were bound into a single volume: 1860 (personal property), 1863 (personal property and real property), 1864 (real property), 1864 (personal property), and 1865 (personal property). The single-volume rolls for 1860 are in alphabetical order by locality; those for 1863, 1864, and 1865 are not. For all other years, data on real and personal property for each subdivision are found in separate sections of the same volume or in separate volumes. The order in which the real and personal property data for each community appear may vary from year to year, but for most years real property data precede personal property data.

All taxable real property normally was assessed only during even-numbered years. In odd-numbered years it was assessed only on property that had become subject to taxation subsequent to the previous assessment or that had been omitted from the previous year's assessment roll, on property that had become or ceased to be homesteaded since the last assessment, and on property for which there had been an increase or decrease in its previously assessed value due to the construction or removal of buildings or other structures. Personal property was assessed every year.

Each entry in the real property assessment rolls gives some or all of the following information: the name of the property owner; the school district number; the legal description (location) and acreage of the property; the type of property and whether it is homesteaded; the full and assessed valuations of land exclusive of structures and improvements; the full and assessed valuations of structures and improvements, machinery, homesteads, and various other categories or items related to real property; the total full and assessed values all taxable real property as returned by the assessor; and the total assessed value of all taxable real property as equalized by the local board of review, the county board of review, and the state board of review or department/commission(er) of taxation.

Each entry in the personal property assessment rolls gives some or all of the following information: the name of the property owner (in alphabetical order); the post office address; whether the person is a head of household or whether the property is a household; the school district number; the total full and assessed values of all taxable personal property as returned by the assessor; the total assessed value of all taxable personal property as equalized by the state board of review, department of taxation, or commission(er) of

taxation, the county board of review, and the local board of review; and the quantity and/or the full and assessed valuations of various categories of personal property, including household goods and furniture, appliances, and other furnishings; personal possessions used for personal and domestic purposes; transportation vehicles; agricultural livestock and other animals, products, implements and machinery, and tools and supplies; manufacturing and business equipment, furnishings, supplies, and products; money, credit, stocks and bonds, and other financial investments and assets; and all other taxable personal property not included in the previous categories.

Information contained in the assessment rolls may vary somewhat from year to year and from civil subdivision to civil subdivision for a particular year. Categories of real and personal property may change in accordance with changes in the tax laws. The rolls for some years may include a list of mortgages and other instruments securing indebtedness and representing credits, as well as data on improvements on lands owned by railroads and the United States government, tree bounties, lands taken under the Homestead and Tree Claims acts, and grain handled by elevators and warehouses. There may be recapitulations (tabular summaries) of the real and/or personal property data for some subdivisions for some years.

Most of the assessment rolls are legible and in good physical condition. However, some of the records for the 1880s have been damaged by water and mold. As a result, some text may be difficult to read or illegible.

The Goodhue County Assessment Rolls were microfilmed in order to permanently preserve their informational content. The volumes for 1860-1865 were retained; those for 1866-1961 were discarded after microfilming.

A map of Goodhue County showing the location of townships, villages, and cities and a volume list giving the contents of each volume is included on the film. A roll list enumerating the inclusive contents of each microfilm roll appears on roll 1.

Each volume is preceded on the microfilm by an introductory "flash" target. A running target beneath each film frame gives the title and publisher of the microfilm and the frame number.

Blank pages of the records have not been filmed.
