## DESCRIPTION OF THE TAX LISTS

1857, 1871-1961

This microfilm reproduces volumes containing real and personal property tax lists for Goodhue County, Minnesota, for the years 1857, 1871-1901, 1910-1911, 1920-1921, 1930-1931, 1940-1941, 1950-1951, and 1960-1961. The tax lists are arranged chronologically by year.

The tax list for 1857 contains information on real and personal property taxes for the entire county in one volume. Each entry includes the name of the property owner; the legal description of the rural area or town lot owned; the value of the real, personal, and total property; the amount of taxes; and remarks. Also included are a list of unpaid 1857 taxes and the delinquent list for 1856.

Beginning in 1871, the tax lists for each year are arranged alphabetically by civil subdivision (township, municipality). There are no tax lists for some subdivisions for some years. The tax list for each locality records, in separate sections of the same volume or in separate volumes, the taxes assessed and paid on real and personal property owned by the residents of the subdivision. Each entry in the section on real property gives the name of the property owner; the legal description, quantity, and valuation of the land owned; the school district number; the amount of school, road, general, and other special taxes; the total amount of taxes levied; the date of payment; the receipt number; a record of settlements and penalties; and remarks. Each entry in the section on personal property includes the name of the property owner; the total valuation of personal property; the school district number; the amounts of various special taxes; the total amount of taxes levied; the amount paid; the receipt number; and remarks.

The lists for some subdivisions may also include returns showing exempt real property and tabular summaries/recapitulations of the information on real and personal property.

A map of Goodhue County showing the location of townships, villages, and cities is filmed following this Description. A Volume List indicating the contents of each volume, 1857, 1871-1961, is filmed following the map. A Roll List enumerating the contents of each microfilm roll appears on roll 1.

Each volume is preceded on the microfilm by an identifying target. A running target beneath each film frame gives the title and publisher of the microfilm and the frame number.

Blank pages of the records have not been filmed.

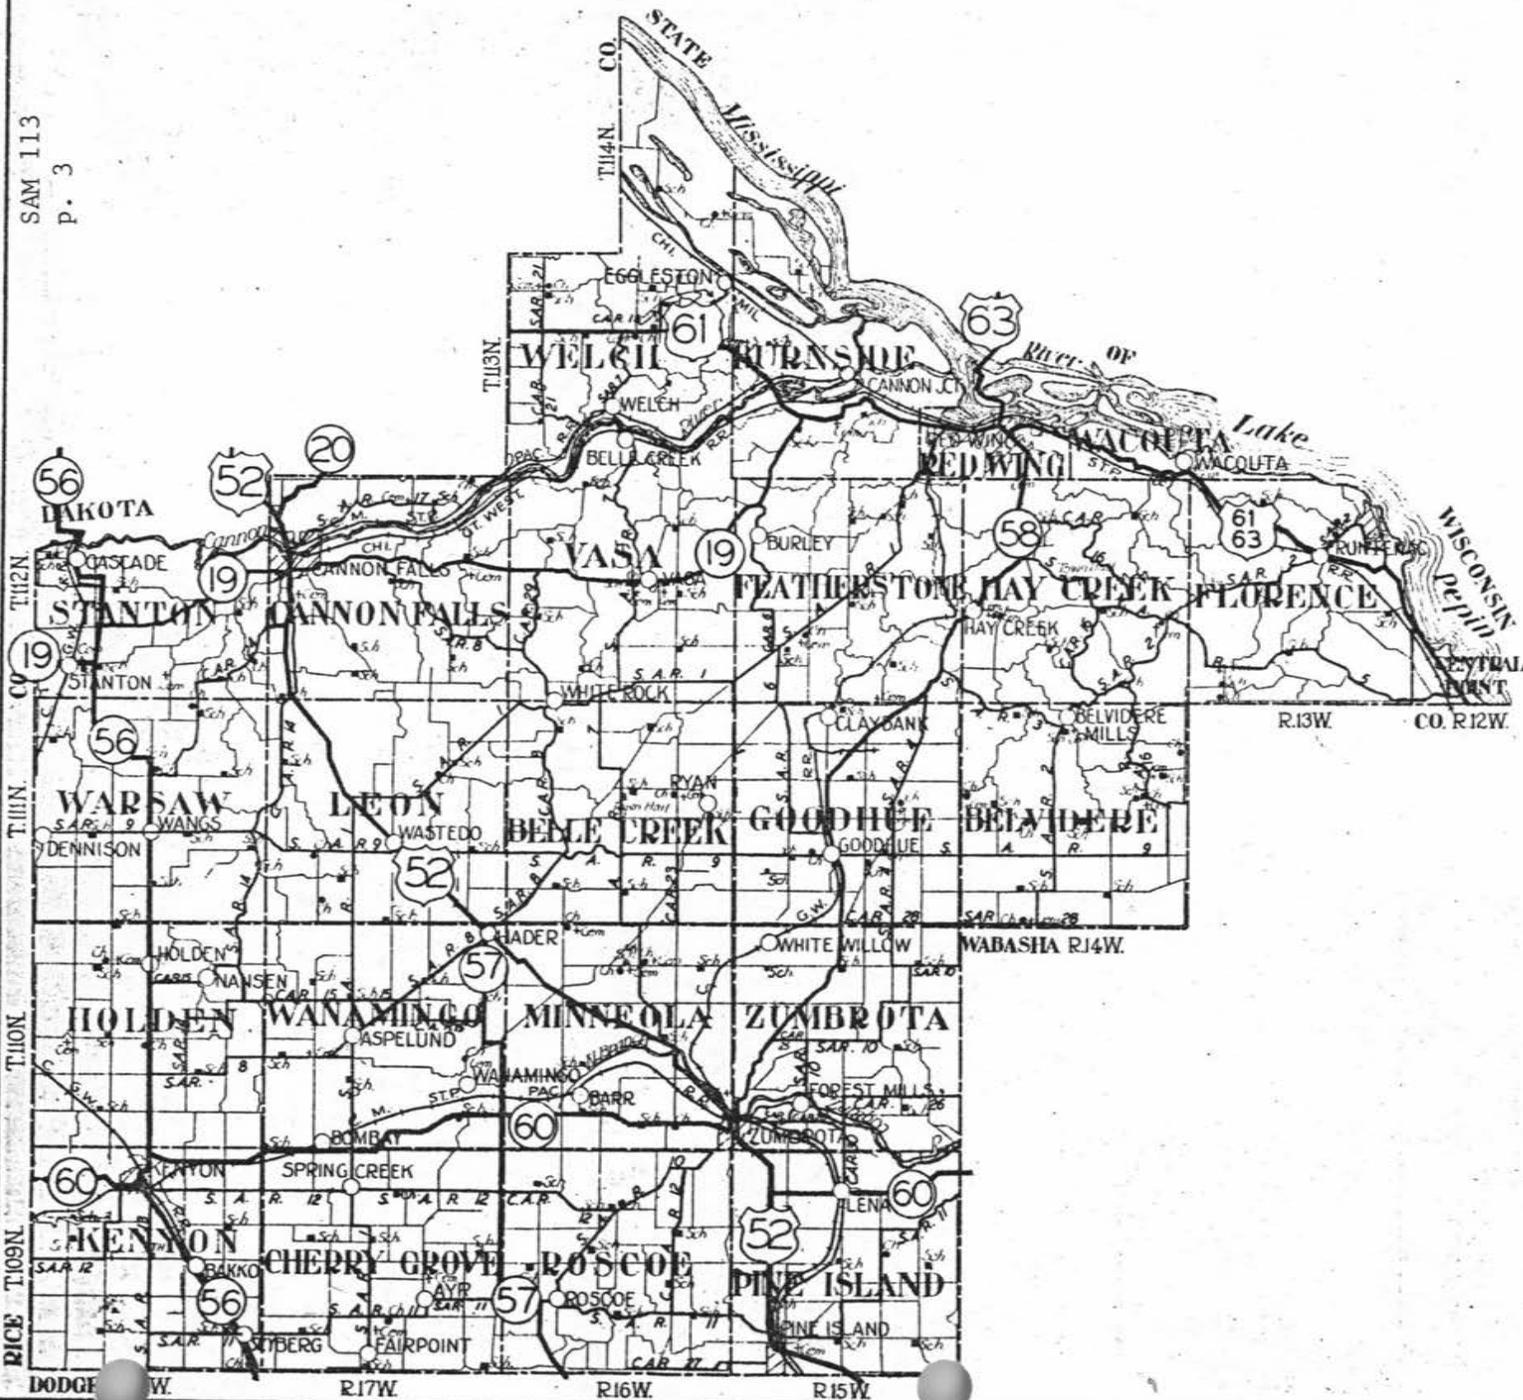

The Goodhue County Tax Lists were microfilmed in order to permanently preserve their informational content. The volumes were discarded after microfilming.

In citing materials from this microfilm, include the following information:
