

The Committee on Supplies & Expenditures have had the annexed bill under consideration and would recommend that the same be reduced to two dollars & fifty Cents (\$2.50) and that the Chief Clerk be authorized to draw a certificate for that amount and pay the same to Ed. Shields and further your Committee are of the opinion that the duty of keeping the Room in order properly belongs to the fireman and would hint the necessity of that duty Officers attending to that duty in future

the same is correct but that the price —
