ANY REPUBLICAN VOTE MEANS MORE GOP-BENSON-DULLES  
FAILURES: SENATOR HUMPHREY

America's voters will be called upon in November to "render a verdict of approval or protest" on the failures of the Republican-Eisenhower-Nixon-Benson-Dulles Administration, Senator Hubert H. Humphrey (D., Minn.) declared today in an address at Waukesha, Wisconsin.

"By sending William Proxmire back to the U.S. Senate with an overwhelming vote of confidence, Wisconsin can voice a convincing protest against the fumbling and bungling of both Benson and Dulles, as well as against the collapsing leadership of the entire Republican Administration in Washington," Senator Humphrey said.

"On the other hand, a vote for any Republican candidate is a vote of approval

for Benson, Dulles, and what has been happening to American under Republican leadership.

"That is the choice before our voters -- make no mistake about it. Some Republican candidates are now trying to hide from responsibility for failures of Republican leadership -- but the responsibility belongs on their shoulders.

"Victory for any Republican in Wisconsin will be hailed by Ezra Taft Benson as a vindication for his Republican price-cutting policies of plowing farmers under. He has already said so. When we Democrats rolled up a huge vote of protest against Republicanism in Maine, Secretary of Agriculture Benson

said to wait and see how the midwest supported him by voting Republican.

"It is up to Wisconsin farmers to call his bluff, and quit voting for Republicans who profess to be 'against' Benson and yet support the Administration that keeps Benson. The way to vote against Benson is to vote against the Republican Party and the Administration that made him Secretary of Agriculture -- and the Republican Party that keeps him there.

"A vote for any Republican in November is a vote for continued failures in national leadership -- a failure that has already resulted in surrender to Old Guard conservative domestic policies and stale, useless foreign policies. These

"All of these GOP failures are documented. We just need to look at the Record. If you want more of the same, vote Republican -- whether for Senate, for Congress, or on the State ticket. If you have had enough, and want to protest -- then you better vote Democratic right down the line," Senator Humphrey declared.

② He called upon Democratic workers throughout the state to "not let these Republican leaders change the subject,
