THE STAR-SPANGLED BANNER

I

Oh, say can you see by the dawn's early light
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars, thru the perilous fight,
O'er the ramparts we watched were so gallantly streaming?
And the rocket's red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
Oh, say does that star-spangled banner yet wave
O'er the land of the free and the home of the brave?

II

On the shore, dimly seen through the mists of the deep,
Where the foe's haughty host in dread silence reposes,
What is that which the breeze, o'er the towering steep,
As it fitfully blows, now conceals, now discloses?
Now it catches the gleam of the morning's first beam,
In full glory reflected now shines on the stream:
'Tis the star-spangled banner! O long may it wave
O'er the land of the free and the home of the brave!

Senator Hubert Humphreys

Dear Senator:

This is to acknowledge the receipt of your letter of the 7th of August, relative to your speaking engagements in my Congressional District.

As agreed in our personal conversation, I have accepted you would be in my Congressional District October 3rd and 4th. I have accordingly scheduled meetings for you here for both the afternoon and evening of these dates.

On Friday, the 3rd of October, in the afternoon you will address a Women's Work Shop meeting here in Fairmont and that evening we will have an open political meeting.

On Saturday, the 4th of October, we will have a Women's Work Shop in either Wheeling or Moundsville, more probably in Wheeling. This will be followed by a dinner meeting in Moundsville, which in my opinion, should have from six to eight hundred in attendance.

This program has been firmed up and cleared with our local people. Under the circumstances, Hubert, I hope you will let nothing (other than an act of God) prevent your appearance.

As I have told you before, this election is of tremendous importance to me personally and I am doing everything humanly possible to assure a favorable outcome.

Senator Hubert Humphreys

My dear Senator Humphrey:

On behalf of the Marshall County Democrat Executive Committee, I want to say how very much pleased we were to learn, through the Honorable Robert H. Mollohan, that you will be with us on Saturday, October 4, 1958.

I assure you we will do our utmost to give you a fine audience.

Respectfully yours,

Dear Mr. McMullen:

Your letter of August 21st arrived in the closing days of the session and Senator Humphrey did not have a chance to see it. He left immediately following adjournment and, unfortunately, did not have an opportunity to take care of his correspondence.

The Senator is traveling now and expects to be in his Minnesota office in mid-September. I just wanted to tell you that we have your letter and that it will be brought to his attention in September.

Dear Bob:

I want to acknowledge your letter of July 23rd regarding my plans to help out in the West Virginia campaign.

The final details of my campaign tour during that first week in October are now being developed by the Speakers Bureau of the Democratic National Committee and the Democratic Senatorial Campaign Committee. I am sure you realize that I will want to appear in behalf of our Senatorial candidate as well as yourself. We have informed Kay Folger of the Speakers Bureau that I want to be sure and appear in your District. I understand she is now trying to complete the schedule and will be in touch with you, as well as with Jennings Randolph.

Best wishes.

Sincerely yours,

Hubert H. Humphrey

Dear Congressman:

I wish to acknowledge your letter of August 11 in Senator Humphrey's behalf. He has been too jammed up in these closing days of the session to really take the time to look personally at his fall speaking schedule. However, details of appearances in quite a few states are now being worked out by Kay Folger of the Speakers Bureau of the Democratic National Committee.

She tells me she has had some inquiries from Democratic Party officials in your state regarding Senator Humphrey's appearance in West Virginia. I am sure also the Senator would feel compelled to want to clear any speaking dates with the Senatorial candidate now that Jennings Randolph has won the nomination.

Kay Folger tells me she will discuss this with you so we can try to clear up the specific dates of Senator's appearance before the end of this week.

Sincerely,

Herbert J. Waters

Oct. 5, 1958

Dear Hubert,

This day cannot go by without my telling you how much the Democratic organization and the Candidates, particularly Bob Mollohan, really appreciated your coming to West Virginia. Mr. Koontz just talked with me from Charleston. It was a joy to tell him about your brilliant speech! You might have been concerned about the length, but your learned discussion about the issues and our position around the world made "time" of no importance! They would have listened even longer!

You know, friend, I had a difficult time writing the above paragraphs without that pronoun I - so here goes - just believe I meant every word - just had to prove it could be done!

With my ears and one eye on the Braves and Yanks, I'm writing this letter. It looks like your Yanks "have had it" for today - 8th inning now! Tomorrow can be their day!

Bob and Helen said "goodbye" at 12 and left for a busy afternoon of meetings. I got the 12:27 (E.D.T.) plane for

Clarksburg and arrived at 12:29 (E.S.T.).
I called Mumby this morning to meet
me and we were home by 7:00.

After the Festival and political
meetings, I'm numb and just "endur-
ing" the activity around here till I
can "exit" for 12 hours sleep! Then,
(I think), I'll be "conditioned" to catch
up with the household and ^{more} ~~too~~ soon
meetings. Nov. 4th can't come soon
for me!

May you have many success-
ful and enjoyable days on your busy
"tours" in the next month. You have
so much in knowledge and inspiration
to give to the people across the country!
How I wish I were a better listener -
then I could have learned more when
we were chatting - Love to seriously
work on that project! Don't laugh -
I'm a determined person ^{and} ~~it~~ won't be
easy! Anyhow, thanks for your
enthusiastic endurance!

I'll be looking forward to
seeing you "in Victory" when the D.N.C.
meets. I'll want to compliment you
on your correct predictions! If I
can't, I'll be "in absentia" someplace!

Very Sincerely,

Violet Smedgar

P.S. With only a "volunteer" secretary on a
part-time basis, I should learn some-
thing ^{extra} worthwhile like typing!

Just a quick note to say thanks for your good letter of October 5th. That was a wonderful meeting in Moundsville. I only hope everyone enjoyed it as much as I did. It was grand to see you again too.

I have traveled in many states since my visit to yours. There is going to be a great Democratic victory come November 4th!

Best wishes. And again my thanks for your friendship.

THE GREATER WHEELING INDUSTRIAL AREA, described by the New York Times as part of "the Ruhr of America," is truly an orbit for satellite industries. Concentrated in this richly endowed section of the Ohio Valley are primary manufacturing plants equipped to serve smaller operations with a multitudinous variety of products.

Here is a representative list of products available to satellite industries. There are many others.

Alkalies

Aluminum

Anhydrous ammonia

Bronze

Chemicals used in manufacturing synthetic rubber, plastics, adhesives and fibers: such as dyes, isocyanates, vinyl chloride monomer and chlorinated methanes.

Chlorine, caustic soda

Coal and coal tar products

Ferro alloys

Metal castings

Silicon metals

Steel and steel products, including hot and cold rolled sheets, galvanized sheets, tin plate and pipe.

Titanium metals

Vanadium

Industries which can advantageously locate in the Greater Wheeling Industrial Area include:

Agriculture	Glass
Aluminum Fabricators	Pharmaceuticals
Chemical	Paints
Concrete	Paper
Detergents	Petroleum
Dyes	Plastics
Electrometallurgical	Road Materials
Products	Sanitation
Electronics	Soap
Food Processing	Steel Fabricators
	Textile

Consider these advantages which have helped develop the industrial might of the Greater Wheeling Area:

- *Proximity to markets*
- *Desirable industrial sites*
- *Ample labor supply—skilled and semi-skilled*
- *Air, highway, rail and water transportation for raw materials and finished products*
- *Unlimited supplies of coal, electric power, natural gas and water*
- *Attractive cultural, educational, and recreational facilities*

AN INVITATION TO PROGRESS!

Come into the Greater Wheeling Orbit and go forward with us as we prepare to meet the economic needs of a growing America!

ELECT
JENNINGS
RANDOLPH

Democratic Candidate

U.S. SENATE

Neely (Unexpired Term of M. M. Neely)

Mr. Randolph, born at Salem, and now of Elkins, is married to the former Mary Babb of Keyser. He is a member of the Boards of Directors of Salem College and Davis and Elkins College. He was graduated from the former and was a faculty member of the latter. His sons, Jennings, 24, has been serving overseas in the armed forces and now is enrolled at Salem College, while Frank, 20, is a student at West Virginia University.

14 Years Of Congressional Experience

What Congress Thinks ... of Randolph

Pageant Magazine, a nationally recognized monthly publication, conducted a poll in 1946 in an effort to evaluate the "True Abilities" of the members of our National Legislature. Pageant went "to the body that knows Congress best—Congress itself."

Jennings Randolph Ranked First in Service

One of the questions asked of the 435 members of the House of Representatives was . . .

"Who Does Most For His Constituency?"

Representative Randolph who served from 1933-47, in the opinion of his Congressional Colleagues ranked **first** as doing most for the people he represented.

Congress Asked this Question	Congress Replied
Who does most for his Constituency?	Randolph (D. W. Va.)

The Candidate With a Positive Program

In this Senatorial campaign, JENNINGS RANDOLPH proposes the following ten points:

1. All Americans must be dedicated to the necessity of working for peace. Time is running out.
2. Millions of unemployed workers must be aided now—not later.
3. The cost of living must be lowered. Both recession and inflation must be brought to a halt.
4. Our social security, jobless insurance, and minimum wage laws must be broadened and quickly applied.
5. Coordinated efforts by government and private enterprise must be energetically carried forward to provide new and diversified industry for West Virginia.
6. There must be placed in effect programs to greatly increase the purchasing power of farmers and small business operators. A robust coal production continues as essential to our economy. We must ferret out unfair competition toward this basic industry.
7. Public works, long over-due, should be spread to restore and insure economic vitality. These include roads, schools, hospitals, housing, water conservation, and land reclamation.
8. Rights and responsibilities, under the law, must be applied equally to all citizens.
9. Defense contracts must be intelligently assigned to aid and relieve distressed and surplus labor areas.
10. Tax deterrents and faulty fiscal policies should be revised or replaced to help agriculture and industry.

Slick slogans will not fool the people. They have little interest in what is promised; they have deep concern for what is performed.

During his 14 years of Congressional experience Jennings Randolph served in the House of Representatives with 27 members who are now in the United States Senate. These include: Lyndon Johnson, Majority Leader; Mike Mansfield, Assistant Majority Leader; Lister Hill, Chairman of the Committee on Labor and Public Welfare; Warren G. Magnuson, Chairman of the Committee on Interstate and Foreign Commerce; Dennis Chavez, Chairman of the Committee on Public Works; and William J. Fulbright, Chairman of the Committee on Banking and Currency.

There are also 15 present members of the Senate who were in that body when Jennings Randolph was a member of the House. It is important, therefore, to emphasize the fact that there are 42 members now serving in the United States Senate who were friends and co-workers of Mr. Randolph when he was in the Congress.

He held the important post of Assistant Majority Whip. Mr. Randolph served as a ranking member of the following Congressional Committees: Labor, Roads, Mines and Mining (Chairman of the Sub-Committee on Coal) and Expenditures in Executive Departments. He was Chairman of Civil Service and District of Columbia Committees.
