COVINGTON, KENTUCKY AIRPORT

OCTOBER 28, 1966

*ask the people if this are to*

*Support & elect the former*

I am here today to ~~give my help to the former~~  
mayor of this city, John Moloney, ~~in his campaign for a~~  
seat in the United States Congress. *+ John Young Brown*  
*for U.S. Senate*

⚡ The people of this Congressional District are not  
faced in this campaign by a choice between two carbon-  
copy candidates.

*namely John Moloney*  
*1 - not taken*

*TVA Flood*  
*control on*  
*the Cumberland*  
*Barkley DAM*  
*Recreation*  
*Lake.*

⚡ One of the candidates in this campaign has ~~made~~  
his stand on the programs of the Kennedy-Johnson and  
the Johnson-Humphrey Administrations --- on programs  
to upgrade the education of our children ... to see to the  
health and security of our parents ... to help make each  
American citizen and each American community a full  
partner in our national growth and prosperity.

*This is*

*the John Moloney position.*

And, if you look at John Moloney's voting record as a Kentucky State Senator, you will see that he has supported the same things right here in Kentucky. He has voted for the strip-mining bill ... for water and air pollution control ... for teacher salary increases ... for unemployment insurance benefits ... for conservation of water resources ... for regulation of political campaign contributions ... for motor vehicle inspection ... for student loans and scholarships. He has built a clear public record--- a positive and progressive record.

*- the Republican - presents*  
L The other candidate ~~in this campaign has also built~~  
a clear public record as a former member of the Congress.  
That record includes votes against the Peace Corps ...  
against aid to higher education... against a federal-state  
food assistance program... against better housing... against  
air pollution control... against the policies and programs  
that have brought our country forward over the past five years.

no on loans to students  
no on Voc. Educ

no on Aid to Colleges

His record stands before the people just as John Moloney's does.

∟ I ask for the support of John Moloney for the United States Congress --- not only by Democrats, but by people of both parties --- and independents ---

who cannot accept a negative, against philosophy, ~~who~~ *ask support*

*from those who* want to continue the progress we have made.
